**Definitions**

**Disabled Veterans Homestead Market Value Exclusion - (M.S. 273.13, Subd. 34)**

Qualifying disabled veterans may be eligible for a market value exclusion on their homestead property. *(Minimum 70% disability is required.)*

**Estimated Market Value**

This value is what the assessor estimates your property would likely sell for on the open market. State law (M.S. 273.11 Subd. 1) requires assessors to value property at 100 percent of market value.

**Homestead Market Value Exclusion**

This applies to residential homesteads. The exclusion is a maximum of \$30,400 at \$76,000 of market value, and then decreases by nine percent for value over \$76,000. The exclusion phases out for properties at \$413,800 or more.

**New Improvements**

This is the assessor's estimate of the value of new or previously unassessed improvements you have made to your property.

**Taxable Market Value - (M.S. 273.121)**

This is the value that your property taxes are actually based on, after all reductions, exclusions, exemptions and deferrals. Your 2017 value, the state class rates and budgets of your local government will determine how much you will pay in 2018.

**Option 2 - Minnesota Tax Court**

Depending on the type of appeal, you may take your case to either the Small Claims Division or the Regular Division of Tax Court. You have until April 30 of the year in which taxes are payable to file an appeal with the Small Claims Division or the Regular Division of Tax Court for your valuation and classification.
