

**DISCLOSURE STATEMENT:
SELLER'S DISCLOSURE ALTERNATIVES**

This form approved by the Minnesota Association of REALTORS®, which disclaims any liability arising out of use or misuse of this form. © 2019 Minnesota Association of REALTORS®, Edina, MN

- 1. Date June 12th, 2020
- 2. Page 1 of 7 pages: RECORDS AND
- 3. REPORTS, IF ANY, ARE ATTACHED AND MADE A
- 4. PART OF THIS DISCLOSURE

5. Property located at 859-61 Weeks Avenue Southeast,
 6. City of Minneapolis, County of Hennepin,
 7. State of Minnesota, Zip Code 55414 ("Property").

8. **NOTICE:** Sellers of residential property, with limited exceptions, are obligated to satisfy the requirements of MN Statutes
 9. 513.52 through 513.60. **To comply with the statute, Seller must provide either a written disclosure to the**
 10. **prospective Buyer (see Disclosure Statement: Seller's Property Disclosure Statement) or satisfy one of the**
 11. **following two options.** Disclosures made here, if any, are not a warranty or guarantee of any kind by Seller or
 12. licensee(s) representing or assisting any party in this transaction and are not a substitute for any inspections or
 13. warranties the party(ies) may wish to obtain.

14. **(Select one option only.)**

15. 1) **QUALIFIED THIRD-PARTY INSPECTION:** Seller shall provide to prospective Buyer a written report that
 16. discloses material information relating to the real Property that has been prepared by a qualified third party.
 17. "Qualified third party" means a federal, state, or local governmental agency, or any person whom Seller or
 18. prospective Buyer reasonably believes has the expertise necessary to meet the industry standards of practice
 19. for the type of inspection or investigation that has been conducted by the third party in order to prepare the
 20. written report.

21. **Seller shall disclose to prospective Buyer material facts known by Seller that contradict any information**
 22. **that is included in a written report, or material facts known by Seller that are not included in the**
 23. **report.**

24. The inspection report was prepared by _____,
 25. _____, and dated _____.

26. Seller discloses to Buyer the following material facts known by Seller that contradict any information included
 27. in the above referenced inspection report.

28. _____
 29. _____
 30. _____

31. Seller discloses to Buyer the following material facts known by Seller that are not included in the above
 32. referenced inspection report.

33. _____
 34. _____
 35. _____

36. 2) **WAIVER:** The written disclosure required may be waived if Seller and prospective Buyer agree in writing. Seller
 37. and Buyer hereby waive the written disclosure required under MN Statutes 513.52 through 513.60.

38. **NOTE:** If both Seller and prospective Buyer agree, in writing, to waive the written disclosure required under
 39. MN Statutes 513.52 through 513.60, Seller is not obligated to disclose ANY material facts of which Seller
 40. is aware that could adversely and significantly affect the Buyer's use or enjoyment of the Property or any
 41. intended use of the Property, other than those disclosure requirements created by any other law.
 42. Seller is not obligated to update Buyer on any changes made to material facts of which Seller is aware that could
 43. adversely and significantly affect the Buyer's use or enjoyment of the Property or any intended use of the
 44. Property that occur, other than those disclosure requirements created by any other law.

45. **Waiver of the disclosure required under MN Statutes 513.52 through 513.60 does not waive, limit, or**
 46. **abridge any obligation for Seller disclosure created by any other law.**

**DISCLOSURE STATEMENT:
SELLER'S DISCLOSURE ALTERNATIVES**

48. Property located at 859-61 Weeks Avenue Southeast Minneapolis MN 55414

49. **OTHER REQUIRED DISCLOSURES:**

50. **NOTE:** In addition to electing one of the above alternatives to the material fact disclosure, Minnesota law also
 51. requires sellers to provide other disclosures to prospective buyers, such as those disclosures listed below.
 52. Additionally, there may be other required disclosures by federal, state, local, or other governmental entities
 53. that are not listed below.

54. **A. SUBSURFACE SEWAGE TREATMENT SYSTEM DISCLOSURE:** (A subsurface sewage treatment system
 55. disclosure is required by MN Statute 115.55.) *(Check appropriate box.)*

56. Seller **DOES** **DOES NOT** know of a subsurface sewage treatment system on or serving the above-described
 -----*(Check one.)*-----

57. real Property. (If answer is **DOES**, and the system does not require a state permit, see *Disclosure Statement:*
 58. *Subsurface Sewage Treatment System.*)

59. There is a subsurface sewage treatment system on or serving the above-described real Property.
 60. *(See Disclosure Statement: Subsurface Sewage Treatment System.)*

61. There is an abandoned subsurface sewage treatment system on the above-described real Property.
 62. *(See Disclosure Statement: Subsurface Sewage Treatment System.)*

63. **B. PRIVATE WELL DISCLOSURE:** (A well disclosure and Certificate are required by MN Statute 103I.235.)
 64. *(Check appropriate box(es).)*

65. Seller does not know of any wells on the above-described real Property.

66. There are one or more wells located on the above-described real Property. *(See Disclosure Statement: Well.)*

67. This Property is in a Special Well Construction Area.

68. There are wells serving the above-described Property that are not located on the Property.

69. Comments: _____
 70. _____

71. **C. VALUATION EXCLUSION DISCLOSURE:** (Required by MN Statute 273.11, Subd. 18)

72. There **IS** **IS NOT** an exclusion from market value for home improvements on this Property. Any valuation
 -----*(Check one.)*-----

73. exclusion shall terminate upon sale of the Property, and the Property's estimated market value for property tax purposes
 74. shall increase. If a valuation exclusion exists, Buyers are encouraged to look into the resulting tax
 75. consequences.

76. Additional comments: _____
 77. _____

78. **D. FOREIGN INVESTMENT IN REAL PROPERTY TAX ACT ("FIRPTA"):** Section 1445 of the Internal Revenue Code
 79. provides that a transferee ("Buyer") of a United States real property interest must be notified in writing and must
 80. withhold tax if the transferor ("Seller") is a foreign person and no exceptions from FIRPTA withholding apply.

81. Seller represents that Seller **IS** **IS NOT** a foreign person (i.e., a non-resident alien individual, foreign corporation,
 -----*(Check one.)*-----

82. foreign partnership, foreign trust, or foreign estate) for purposes of income taxation. This representation shall
 83. survive the closing of any transaction involving the Property described here.

84. **NOTE:** If the above answer is "**IS**," Buyer may be subject to income tax withholding in connection with the
 85. transaction (unless the transaction is covered by an applicable exception to FIRPTA withholding). In
 86. non-exempt transactions, Buyer may be liable for the tax if Buyer fails to withhold.

87. If the above answer is "**IS NOT**," Buyer may wish to obtain specific documentation from Seller ensuring
 88. Buyer is exempt from the withholding requirements as prescribed under Section 1445 of the Internal
 89. Revenue Code.

90. Due to the complexity and potential risks of failing to comply with FIRPTA, including Buyer's responsibility
 91. for withholding the applicable tax, Buyer and Seller should **seek appropriate legal and tax advice regarding**
 92. **FIRPTA compliance, as the respective licensees representing or assisting either party will be unable to**
 93. **assure either party whether the transaction is exempt from the FIRPTA withholding requirements.**

**DISCLOSURE STATEMENT:
SELLER'S DISCLOSURE ALTERNATIVES**

95. Property located at 859-61 Weeks Avenue Southeast Minneapolis MN 55414

96. **E. METHAMPHETAMINE PRODUCTION DISCLOSURE:**

97. (A methamphetamine production disclosure is required by MN Statute 152.0275, Subd. 2 (m).)

98. Seller is not aware of any methamphetamine production that has occurred on the Property.

99. Seller is aware that methamphetamine production has occurred on the Property.

100. (See Disclosure Statement: Methamphetamine Production.)

101. **F. RADON DISCLOSURE:**

102. (The following Seller disclosure satisfies MN Statute 144.496.)

103. **RADON WARNING STATEMENT:** The Minnesota Department of Health strongly recommends that ALL
104. homebuyers have an indoor radon test performed prior to purchase or taking occupancy, and recommends having
105. the radon levels mitigated if elevated radon concentrations are found. Elevated radon concentrations can easily
106. be reduced by a qualified, certified, or licensed, if applicable, radon mitigator.

107. Every buyer of any interest in residential real property is notified that the property may present exposure to
108. dangerous levels of indoor radon gas that may place occupants at risk of developing radon-induced lung cancer.
109. Radon, a Class A human carcinogen, is the leading cause of lung cancer in nonsmokers and the second leading
110. cause overall. The seller of any interest in residential real property is required to provide the buyer with any
111. information on radon test results of the dwelling.

112. **RADON IN REAL ESTATE:** By signing this Statement, Buyer hereby acknowledges receipt of the Minnesota
113. Department of Health's publication entitled **Radon in Real Estate Transactions**, which is attached hereto and
114. can be found at www.health.state.mn.us/communities/environment/air/radon/radonre.html.

115. A seller who fails to disclose the information required under MN Statute 144.496, and is aware of material facts
116. pertaining to radon concentrations in the Property, is liable to the Buyer. A buyer who is injured by a violation of MN
117. Statute 144.496 may bring a civil action and recover damages and receive other equitable relief as determined by
118. the court. Any such action must be commenced within two years after the date on which the buyer closed the
119. purchase or transfer of the real Property.

120. **SELLER'S REPRESENTATIONS:** The following are representations made by Seller to the extent of Seller's actual
121. knowledge.

122. (a) Radon test(s) HAVE HAVE NOT occurred on the Property.
------(Check one.)-----

123. (b) Describe any known radon concentrations, mitigation, or remediation. **NOTE: Seller shall attach the most**
124. **current records and reports pertaining to radon concentration within the dwelling:**

125. _____
126. _____
127. _____

128. (c) There IS IS NOT a radon mitigation system currently installed on the Property.
------(Check one.)-----

129. If "IS," Seller shall disclose, if known, information regarding the radon mitigation system, including system
130. description and documentation.

131. _____
132. _____
133. _____

134. **G. NOTICE REGARDING AIRPORT ZONING REGULATIONS:** The Property may be in or near an airport safety zone
135. with zoning regulations adopted by the governing body that may affect the Property. Such zoning regulations are
136. filed with the county recorder in each county where the zoned area is located. If you would like to determine if such
137. zoning regulations affect the Property, you should contact the county recorder where the zoned area is located.

**DISCLOSURE STATEMENT:
SELLER'S DISCLOSURE ALTERNATIVES**

138. Page 4

139. Property located at 859-61 Weeks Avenue Southeast Minneapolis MN 55414.

140. **H. NOTICE REGARDING CARBON MONOXIDE DETECTORS:**

141. MN Statute 299F.51 requires Carbon Monoxide Detectors to be located within ten (10) feet from all sleeping
142. rooms. Carbon Monoxide Detectors may or may not be personal property and may or may not be included in the
143. sale of the home.

144. **I. WATER INTRUSION AND MOLD GROWTH:** Studies have shown that various forms of water intrusion affect many
145. homes. Water intrusion may occur from exterior moisture entering the home and/or interior moisture leaving the
146. home.

147. Examples of exterior moisture sources may be
148. • improper flashing around windows and doors,
149. • improper grading,
150. • flooding,
151. • roof leaks.

152. Examples of interior moisture sources may be
153. • plumbing leaks,
154. • condensation (caused by indoor humidity that is too high or surfaces that are too cold),
155. • overflow from tubs, sinks, or toilets,
156. • firewood stored indoors,
157. • humidifier use,
158. • inadequate venting of kitchen and bath humidity,
159. • improper venting of clothes dryer exhaust outdoors (including electrical dryers),
160. • line-drying laundry indoors,
161. • houseplants—watering them can generate large amounts of moisture.

162. In addition to the possible structural damage water intrusion may do to the Property, water intrusion may also result
163. in the growth of mold, mildew, and other fungi. Mold growth may also cause structural damage to the Property.
164. Therefore, it is very important to detect and remediate water intrusion problems.

165. Fungi are present everywhere in our environment, both indoors and outdoors. Many molds are beneficial to humans.
166. However, molds have the ability to produce mycotoxins that may have a potential to cause serious health problems,
167. particularly in some immunocompromised individuals and people who have asthma or allergies to mold.

168. To complicate matters, mold growth is often difficult to detect, as it frequently grows within the wall structure. If you
169. have a concern about water intrusion or the resulting mold/mildew/fungi growth, you may want to consider having
170. the Property inspected for moisture problems before entering into a purchase agreement or as a condition of your
171. purchase agreement. Such an analysis is particularly advisable if you observe staining or any musty odors on the
172. Property.

173. **J. NOTICE REGARDING PREDATORY OFFENDER INFORMATION:** Information regarding the predatory
174. offender registry and persons registered with the predatory offender registry under MN Statute 243.166
175. may be obtained by contacting the local law enforcement offices in the community where the property is
176. located or the Minnesota Department of Corrections at (651) 361-7200, or from the Department of Corrections
177. web site at www.corr.state.mn.us.

MN:DS:SDA-4 (8/19)

**DISCLOSURE STATEMENT:
SELLER'S DISCLOSURE ALTERNATIVES**

178. Page 5

179. Property located at 859-61 Weeks Avenue Southeast Minneapolis MN 55414

180. **K. SELLER'S STATEMENT:**

181. (To be signed at time of listing.)

182. Seller(s) hereby authorizes any licensee(s) representing or assisting any party(ies) in this transaction to provide
183. a copy of this Disclosure Statement to any person or entity in connection with any actual or anticipated sale of the
184. Property. A seller may provide this Disclosure Statement to a real estate licensee representing or assisting a
185. prospective buyer. The Disclosure Statement provided to the real estate licensee representing or assisting a
186. prospective buyer is considered to have been provided to the prospective buyer. If this Disclosure Statement is
187. provided to the real estate licensee representing or assisting the prospective buyer, the real estate licensee must
188. provide a copy to the prospective buyer.

189. **QUALIFIED THIRD-PARTY INSPECTION:** If Seller has made a disclosure under the Qualified Third-Party
190. Inspection, Seller is obligated to disclose to Buyer in writing of any new or changed facts of which Seller is aware
191. that could adversely and significantly affect the Buyer's use or enjoyment of the Property or any intended use of
192. the Property that occur up to the time of closing. To disclose new or changed facts, please use the *Amendment to*
193. *Disclosure Statement* form.
194. **WAIVER:** If Seller and Buyer agree to waive the seller disclosure requirement, Seller is NOT obligated to disclose
195. and will NOT disclose any new or changed information regarding facts.
196. **OTHER REQUIRED DISCLOSURES (Sections A-F):** Whether Seller has elected a Qualified-Third Party Inspection
197. or Waiver, Seller is obligated to notify Buyer, in writing, of any new or changed facts regarding Other Required
198. Disclosures up to the time of closing. To disclose new or changed facts, please use the *Amendment to Seller's*
199. *Disclosure* form.

200.  06/12/2020
(Seller) (Date) (Seller) (Date)

201. **L. BUYER'S ACKNOWLEDGEMENT:**

202. (To be signed at time of purchase agreement.)

203. I/We, the Buyer(s) of the Property, acknowledge receipt of this *Seller's Disclosure Alternatives* form and agree to
204. the seller's disclosure option selected in this form. I/We further agree that no representations regarding facts have
205. been made, other than those made in this form. This Disclosure Statement is not a warranty or a guarantee of
206. any kind by Seller or licensee representing or assisting any party in the transaction and is not a suitable substitute
207. for any inspections or warranties the party(ies) may wish to obtain.

208. The information disclosed is given to the best of the Seller's knowledge.

NOT RESPONSIBLE FOR ANY CONDITIONS EXISTING ON THE PROPERTY.**

Radon in Real Estate Transactions

All Minnesota homes can have dangerous levels of radon gas. Radon is a colorless, odorless and tasteless **radioactive gas** that can seep into homes from the soil. When inhaled, its radioactive particles can damage the lungs. Long-term exposure to radon can lead to **lung cancer**. About 21,000 lung cancer deaths each year in the United States are caused by radon.

The only way to know how much radon gas has entered the home is to conduct a radon test. MDH estimates 2 in 5 homes exceed the 4.0 pCi/L (picocuries per liter) action level. Whether a home is old or new, **any home can have high levels of radon**.

The purpose of this publication is to educate and inform potential home buyers of the risks of radon exposure, and how to test for and reduce radon as part of real estate transactions.

Disclosure Requirements

Effective January 1, 2014, the Minnesota Radon Awareness Act requires specific disclosure and education be provided to potential home buyers during residential real estate transactions in Minnesota. **Before signing a purchase agreement to sell or transfer residential real property**, the seller shall provide this publication and shall disclose in writing to the buyer:

1. whether a radon test or tests have occurred on the property
2. the most current records and reports pertaining to radon concentrations within the dwelling
3. a description of any radon levels, mitigation, or remediation
4. information on the radon mitigation system, if a system was installed
5. a radon warning statement

Radon Facts

How dangerous is radon? Radon is the number one cause of lung cancer in non-smokers, and the second leading cause overall. Your risk for lung cancer increases with higher levels of radon, prolonged exposure, and whether or not you are a current smoker or former smoker.

Where is your greatest exposure to radon? For most Minnesotans, your greatest exposure is at home where radon can concentrate indoors.

What is the recommended action based on my results? If the average radon in the home is at or above 4.0 pCi/L, the home's radon level should be reduced. Also, consider mitigating if radon levels are between 2.0 pCi/L and 3.9 pCi/L. Any amount of radon, even below the recommended action level, carries some risk.

Radon Warning Statement

"The Minnesota Department of Health strongly recommends that ALL homebuyers have an indoor radon test performed prior to purchase or taking occupancy, and recommends having the radon levels mitigated if elevated radon concentrations are found. Elevated radon concentrations can easily be reduced by a qualified, certified, or licensed, if applicable, radon mitigator.

Every buyer of any interest in residential real property is notified that the property may present exposure to dangerous levels of indoor radon gas that may place the occupants at risk of developing radon-induced lung cancer. Radon, a Class A human carcinogen, is the leading cause of lung cancer in nonsmokers and the second leading cause overall. The seller of any interest in residential real property is required to provide the buyer with any information on radon test results of the dwelling".

Radon Testing

Any test lasting less than three months requires **closed-house conditions**. This means keep all windows and doors closed, except for normal entry and exit.

Before testing: Begin closed-house conditions at least 12 hours before the start of the radon test.

During testing: Maintain closed-house conditions during the entire duration of the short-term test. Operate home heating or cooling systems normally during the test.

Where should the test be conducted? Any radon test conducted for a real estate transaction needs to be placed in the lowest livable area of the home suitable for occupancy. This is typically in the basement, whether finished or unfinished.

Place the test kit:

- twenty inches to six feet above the floor
- at least three feet from exterior walls
- four inches away from other objects
- in a location where it won't be disturbed
- not in enclosed areas or areas of high heat or humidity

How are radon tests conducted in real estate transactions?

There are special protocols for radon testing in real estate transactions. Here are the two most common.

Continuous Radon Monitor

This test is completed by a licensed radon measurement professional with a calibrated CRM for a minimum of 48 hours. The data is analyzed to ensure a valid test. A report is generated by the measurement professional.

Simultaneous Short-Term Testing

Two short-term test kits are used at the same time, placed 4 inches apart, for a minimum of 48 hours. Test kits are sent to the lab for analysis. The lab generates a report. The two test results are averaged to get the radon level.

All radon tests should be conducted by a licensed professional. This ensures the test was conducted properly, in the correct location, and under appropriate building conditions. A list of these licensed radon measurement professionals can be found at MDH's Radon web site.

Radon Mitigation

When elevated levels of radon are found, they can be easily reduced by a nationally certified and MDH-listed radon mitigation professional.

Radon mitigation is the process or system used to reduce radon concentrations in the breathing zones of occupied buildings. The goal of a radon mitigation system is to reduce the indoor radon levels to below the action level. This is done by drawing soil gas from under the house and venting it above the roof. A quality mitigation system is often able to reduce the annual average radon level to below 2.0 pCi/L. The cost of a radon mitigation system averages \$1,200 to \$2,500.

After a radon mitigation system is installed perform an independent short-term test to ensure the reduction system is effective. Operate the radon system during the entire test. This short-term test will confirm low levels in the home. Be sure to retest the house every two years to confirm continued radon reduction.
